Introduction

Kaiser Foundation Health Plan, Inc., a federally qualified health maintenance organization (HMO), has a contract with the Centers for Medicare & Medicaid Services (CMS) as a Medicare+Choice organization, which is renewed annually. This contract provides Medicare Services through "Kaiser Permanente Senior Advantage" (Senior Advantage), except for hospice care for Members with Medicare Parts A and B and qualifying clinical trials, which are covered directly by Medicare. Kaiser Permanente Senior Advantage is for Members entitled to Medicare, providing the advantages of combined Medicare and Health Plan benefits.

This *Evidence of Coverage (EOC)* describes the Senior Advantage health care coverage provided under the *Agreement* between Kaiser Foundation Health Plan, Inc., and your Group. For benefits provided under any other Health Plan program, refer to that plan's *Evidence of Coverage*. In this *EOC*, Kaiser Foundation Health Plan, Inc., is sometimes referred to as "Health Plan," "we," or "us." Members are sometimes referred to as "you." Some capitalized terms have special meaning in this *EOC*; please see the "Definitions" section for terms you should know.

Please read the following information so that you will know from whom or what group of providers you may get health care. It is important to familiarize yourself with your coverage by reading this *EOC* completely, so that you can take full advantage of your Health Plan benefits. Also, if you have special health care needs, please carefully read the sections that apply to you.

Term of this EOC

This *EOC* is for the period January 1, 2004 through December 31, 2004 unless amended. Your Group's benefits administrator can tell you whether this *EOC* is still in effect and give you a current one if this *EOC* has expired or been amended.

About Kaiser Permanente

Kaiser Permanente provides Services directly to our Members through an integrated medical care program. Our Health Plan, Plan Hospitals, and Medical Group work together to provide our Members with quality care. Our medical care program gives you access to all of the covered Services you may need, such as routine care with your own personal Plan Physician, hospital care, laboratory and pharmacy Services, and other benefits described in the "Benefits" section.

We provide covered Services to Members using Plan Providers located in our Service Area, which is described in the "Definitions" section. You must receive all covered care from Plan Providers inside our Service Area, except as described in the following sections about:

- Getting a referral, in the "How to Obtain Services" section
- Our Visiting Member Program, in the "How to Obtain Services" section
- Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care received from non-Plan Providers, in the "Emergency, Urgent, and Routine Care" section
- Out-of-Area dialysis care, in the "Benefits" section

Dues, Eligibility, and Enrollment

Dues

Your Group is responsible for paying Dues. If you are responsible for any contribution to the Dues, your Group will tell you the amount and how to pay your Group. In addition to any amount you must pay your Group, you must also continue to pay your monthly premiums to Medicare.

Note: If you were enrolled in Senior Advantage on December 31, 1998 without Medicare Part A entitlement, you may be eligible to purchase Medicare Part A from Social Security. Please contact the Social Security

Administration for more information. If you become entitled to Medicare Part A, this may reduce the amount you would be expected to pay to your Group, please check with your Group's benefits administrator.

Who Is Eligible

To enroll and to continue enrollment, you must meet all of the eligibility requirements in this "Who Is Eligible" section.

Group eligibility requirements

You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of its eligibility requirements, such as the minimum number of hours that employees must work to be eligible for coverage. Please note that your Group might not allow enrollment to some persons who meet the requirements under "Additional eligibility requirements."

Medicare eligibility requirements

- You must be entitled to benefits under both Medicare Parts A and B, except for Members enrolled in Senior Advantage on December 31, 1998 without Medicare Part A (Part B only Members), you may continue enrollment without Medicare Part A entitlement
- You may enroll in Senior Advantage regardless of health status, except that you may not enroll if you have end-stage renal disease. This restriction does not apply to you if you are currently a Health Plan Member in the Northern or Southern California Region and you developed end-stage renal disease while a Member
- You may not be enrolled in two Medicare-contracting HMOs at the same time. If you enroll in Senior Advantage, CMS will automatically disenroll you from any other Medicare-contracting plan
- Non-Members may not be able to enroll if Kaiser Permanente Senior Advantage has reached a capacity limit that the Centers for Medicare & Medicaid Services has approved. This limitation does not apply to existing Members who are eligible for Medicare (for example, when you turn age 65)

Service Area eligibility requirements

The Subscriber must live in our Service Area. However, if you were enrolled in Senior Advantage on December 31, 1998 and lived outside our Service Area, you may continue your membership unless you move and are still outside our Service Area. The "Definitions" section describes our Service Area and how it may change.

Moving Outside our Service Area. If you permanently move outside our Service Area, or you are temporarily absent from our Service Area for a period of more than six months, you cannot continue your Senior Advantage membership under this *EOC*. It is in your best interest to notify us as soon as possible because until your Senior Advantage coverage is officially terminated by CMS, you will not be covered by us or Medicare for any care received outside our Plan (except for covered care described in the "Emergency, Urgent, and Routine Care" section about Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care received from non-Plan Providers and in the "Benefits" section about Out-of-Area dialysis care). Send your notice to Kaiser Permanente, California Service Center, P.O. Box 232407, San Diego, CA 92193.

If you move to the service area of another Region, please contact your Group's benefits administrator to learn about your Group health care options. You may be able to enroll in the new service area if there is an agreement between your Group and the Region, but the coverage, dues, and eligibility requirements might not be the same in the other service area.

Additional eligibility requirements

You may be eligible to enroll as a Subscriber if you are:

- An employee of your Group
- A proprietor or partner of your Group
- Otherwise entitled to coverage under a trust agreement, retirement benefit program, or employment contract (unless the IRS considers you self-employed)

If you are a Subscriber, the following persons may be eligible to enroll as your Dependents:

- Your Spouse. For the purposes of this *EOC*, the term "Spouse" includes your domestic partner, in accord with your Group's requirements that we approve in writing

- Your or your Spouse's unmarried children (including adopted children or children placed with you for adoption) who are under age 19, or under age 24 if a student as defined by your Group
- Other unmarried dependent persons (but not including foster children) who meet all of the following requirements:
 - ◆ they are under age 19, or under age 24 if a student as defined by your Group
 - ◆ they receive all of their support and maintenance from you or your Spouse
 - ◆ they permanently reside with you (the Subscriber)
 - ◆ you or your Spouse is the court-appointed guardian (or was before the person reached age 18) or the person's parent is an enrolled Dependent under your family coverage
- Dependents who meet the Dependent eligibility requirements except for the age limit may be eligible if they meet all the following requirements:
 - ◆ they are incapable of self-sustaining employment because of mental retardation or physical handicap that occurred prior to reaching the age limit for Dependents
 - ◆ they receive substantially all of their support and maintenance from you or your Spouse
 - ◆ you give us proof of their incapacity and dependency within 31 days after we request it

Any of your Dependents who are not entitled to Medicare, as described above, may enroll in another Kaiser Permanente plan offered by your Group. Please contact your Group for details.

Persons barred from enrolling in Health Plan

- Persons who have had their entitlement to receive Services through Health Plan either rescinded or terminated for cause cannot enroll until you have completed a Member Orientation and have signed a statement promising future compliance
- Persons who had entitlement to receive Services through Health Plan terminated for failure to pay individual (nongroup) plan dues, unless we agree to allow you to enroll after you pay all amounts owed by you and your dependents

When You Can Enroll and When Coverage Begins

Your Group is required to inform you when you are eligible to enroll and your effective date of coverage. If you are eligible to enroll as described under "Who Is Eligible" in this "Dues, Eligibility, and Enrollment" section, you may enroll yourself and any eligible Dependents by submitting a Health Plan–approved enrollment application and a Senior Advantage Election Form (one form completed and signed by each Medicare beneficiary) to your Group within 30 days.

If you are already a Health Plan Member who lives in the Senior Advantage Service Area, we will mail you information on how to join Senior Advantage and an Election Form shortly before you reach age 65.

Effective date of Senior Advantage coverage

After we receive your completed Senior Advantage Election Form, we will submit your enrollment to CMS and send you a notice indicating the effective date of your Senior Advantage coverage. Your effective date will depend on whether you are first becoming entitled to both Medicare Parts A and B, or if you are already entitled to both Medicare Parts A and B.

If you will soon become entitled to both Medicare Parts A and B, your election will be effective on the first day of the month in which you are entitled to both Medicare Parts A and B. If you are already entitled to both Medicare Parts A and B, we will notify you of your effective date. Your effective date will generally be determined by the date we receive your completed Election Form and the effective date of your Group coverage. There are other factors used to determine your effective date, for more information please call our Member Service Call Center.

Once CMS confirms your enrollment, we will send you written notification. If CMS does not confirm your enrollment in Medicare before your effective date, you still must receive your care from us, beginning on your effective date, just as if your enrollment had been confirmed. If CMS tells us that you are not entitled to both Medicare Parts A and B, we will notify you and request that you contact the Social Security Administration to clarify your Medicare status. If, after contacting the Social Security Administration, it is confirmed that you are still not entitled to both Medicare Parts A and B, you will be billed for any Services we have provided you unless

you are an existing Member under another Kaiser Permanente plan. Members will be responsible for any amounts owed under their other plan and should contact their Group's benefits administrator for details.

Important information about Medicare supplement (Medigap) policies. If you have a Medicare supplement (Medigap) policy, you may consider canceling it after we send you written confirmation of your enrollment in Senior Advantage. However, if you later disenroll from Senior Advantage, you may not be able to have your Medigap policy reinstated.

In certain cases, you can be guaranteed issuance of a Medigap policy without medical underwriting or pre-existing condition exclusions. Examples of these cases include the following:

- You are disenrolled from Senior Advantage because you moved out of our Service Area or for a reason that does not involve any fault on your part (e.g., our contract with CMS terminates)
- You enrolled in Senior Advantage upon first reaching Medicare eligibility at age 65 and you disenroll from Senior Advantage within 12 months of your effective date
- Your supplemental coverage under an employee welfare benefit plan terminates
- Your enrollment in a Medigap policy ceases because of the bankruptcy or insolvency of the insurer issuing the policy, or because of other involuntary termination of coverage for which there is no state law provision relating to continuation of coverage
- You were previously enrolled under a Medigap policy and terminated your enrollment to participate, for the first time, in Senior Advantage and you disenroll during the first 12 months

You must apply for a Medigap policy within 63 days after your Senior Advantage coverage terminates and submit evidence of the date of your loss of coverage. For additional information regarding guaranteed Medicare supplemental policies, call the Health Insurance Counseling and Advocacy Program (HICAP) toll free at 1-800-434-0222 (TTY 1-800-722-3140).

If you choose to keep your Medicare supplement (Medigap) policy, you may not be reimbursed by the Medigap policy for Services you receive from us. Most supplemental (Medigap) policies will not pay for any portion of such Services because:

- Supplemental insurers (Medigap insurers) process their claims based on proof of an Original Medicare payment, usually in the form of an Explanation of Medicare Benefits (EOMB). However, as long as you are a Senior Advantage Member, Original Medicare will not process any claims for Services you receive (except for hospice care for Members with Medicare Parts A and B and qualifying clinical trials)
- Kaiser Permanente has the financial responsibility for all Medicare-covered health Services you need (except for hospice care for Members with Medicare Parts A and B and qualifying clinical trials) as long as you follow Senior Advantage procedures on how to receive Services

Group open enrollment

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan–approved enrollment application and a Senior Advantage Election Form (one for each Medicare beneficiary) to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the effective date of coverage.

Notice to New Enrollees about Continuity of Care

If you are currently receiving Services from a non–Plan Provider for an acute medical condition or an acute, serious, or chronic psychiatric condition and your enrollment with us will end coverage of the provider's Services, you may be eligible for temporary coverage of that non–Plan Provider's Services while your care is being transferred to us.

To qualify for this temporary coverage, all of the following criteria must be true:

- Your Health Plan coverage is in effect
- You request this continuing coverage no later than 30 days from your effective date of coverage by calling our Member Service Call Center

- You are receiving Services during a current episode of care for an acute medical condition or an acute, serious, or chronic psychiatric condition from a non-Plan Provider on the effective date of your Health Plan coverage
- When you chose Health Plan, you were not offered other coverage that included an out-of-network option that would have covered the Services of your current non-Plan Provider
- You did not have the option to continue with your previous health plan or to choose a plan that covers the Services of your current non-Plan Provider
- The non-Plan Provider agrees in writing to our standard contractual terms and conditions, such as conditions pertaining to payment, and providing Services inside our Service Area
- The Services to be provided to you by the non-Plan Provider are Medically Necessary and would be covered Services under the terms of your Health Plan coverage, if provided by a Plan Provider
- Medical Group authorizes the care of your non-Plan Provider because Plan Providers are unable to maintain the continuity of your care

To request this coverage or a copy of our coverage policy, please call our Member Service Call Center.

How to Obtain Services

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered care from Plan Providers inside our Service Area, except as described in the following sections about:

- Getting a referral, in this section
- Our Visiting Member Program, in this section
- Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care received from non-Plan Providers, in the "Emergency, Urgent, and Routine Care" section
- Out-of-Area dialysis care, in the "Benefits" section

Our medical care program gives you access to all of the covered Services you may need, such as routine care with your own personal Plan Physician, hospital care, laboratory and pharmacy Services, and other benefits described in the "Benefits" section.

Your Primary Care Plan Physician

Your primary care Plan Physician plays an important role in coordinating your medical care needs, including hospital stays and referrals to specialists. We encourage you to choose a primary care Plan Physician. You may select a primary care Plan Physician from any of our available Plan Physicians who practice in these specialties: internal medicine, obstetrics/gynecology, family practice, and pediatrics. You can also select a new primary care Plan Physician for any reason from any of our available Plan Physicians. To learn how to select a primary care Plan Physician, please call our Member Service Call Center.

Special note about Coachella Valley

Subscribers residing in Coachella Valley are required to select a primary care Plan Physician (Affiliated Physician) for themselves and each covered Dependent. In this area, Plan Providers (except for Plan Pharmacies that are owned and operated by Kaiser Permanente) are referred to as "Affiliated Providers," for example "Affiliated Physicians" and "Affiliated Hospitals." Please refer to our Service Area description in the "Definitions" section for the ZIP codes that are in this area.

Your primary care Affiliated Physician will provide or arrange your care in this area, including Services from other Affiliated Providers, such as specialty Affiliated Physicians. **For Services from Affiliated Providers to be covered, your primary care Affiliated Physician must prescribe the care or authorize the referral**, except for annual mammograms and visits to your obstetrics/gynecology Affiliated Physician, which you can get directly without a referral from your primary care Affiliated Physician. Also, you may receive care from Plan Providers outside of Coachella Valley without a referral from your primary care Affiliated Physician (although some care requires a referral from a primary care Plan Physician, who need not be an Affiliated Physician; for more details see "Referrals to Plan Providers" in this "How to Obtain Services" section).

We will send the Subscriber a letter explaining how to select a primary care Affiliated Physician. If the Subscriber does not select a primary care Affiliated Physician, we will assign one. Dependents may select a different primary care Affiliated Physician from the Subscriber's by calling our Member Service Call Center. You may change your primary care Affiliated Physician once a month. If you need care before we have confirmed your primary care Affiliated Physician, please call our Member Service Call Center for assistance. To learn about Affiliated Providers, please refer to *Your Guidebook*.

If the Subscriber in your Family Unit does not live in Coachella Valley, you may receive covered care from Affiliated Providers in this area even if you haven't chosen a primary care Affiliated Physician.

Getting a Referral

Referrals to Plan Providers

Primary care Plan Physicians provide primary medical, pediatric, and obstetrics/gynecology care. Plan specialists provide specialty care in areas such as surgery, orthopedics, cardiology, oncology, urology, and dermatology. A Plan Physician will refer you to a Plan specialist when appropriate. You don't need a referral to receive primary care from Plan Physicians in the following areas: internal medicine, obstetrics/gynecology, family planning, family practice, pediatrics, optometry, psychiatry, and chemical dependency. Please check *Your Guidebook* to see if your facility has other departments that don't require a referral. Also, please refer to "Special note about Coachella Valley" in this "How to Obtain Services" section for additional requirements that apply when a Subscriber lives in this area.

Medical Group authorization procedure for certain referrals

The following Services require prior authorization by Medical Group for the Services to be covered:

- **Services not available from Plan Providers.** If your Plan Physician decides that you require covered Services not available from Plan Providers, he or she will recommend to Medical Group that you be referred to a non-Plan Provider inside or outside our Service Area. The appropriate Medical Group designee will authorize the Services if he or she determines that they are Medically Necessary but not available from a Plan Provider
- **Bariatric surgery.** If your Plan Physician makes a written referral for bariatric surgery, Medical Group's regional Bariatric Medical Director or his or her designee will authorize the Service if he or she determines that it is Medically Necessary in accord with Medical Group's bariatric surgery referral guidelines
- **Durable medical equipment (DME).** If your Plan Physician prescribes DME, he or she will submit a written referral to the Plan Hospital's DME Coordinator, who will authorize the DME if he or she determines that your DME coverage includes the item and that the item is listed on our formulary for your condition. If the item doesn't appear to meet our DME formulary guidelines, then the DME Coordinator will contact the Plan Physician for additional information about the request. If the request still doesn't appear to meet our DME formulary guidelines, the request will be submitted to Medical Group's designee Plan Physician, who will authorize the item if he or she determines that it is Medically Necessary. For more information about our DME formulary, please refer to "Durable Medical Equipment" in the "Benefits" section
- **Ostomy and urological supplies.** If your Plan Physician prescribes ostomy or urological supplies, he or she will submit a written referral to the Plan Hospital's designated coordinator, who will authorize the item if he or she determines that the item is listed on our formulary for your condition. If the item doesn't appear to meet our soft goods formulary guidelines, then the coordinator will contact the Plan Physician for additional information about the request. If the request still doesn't appear to meet our soft goods formulary guidelines, the request will be submitted to Medical Group's designee Plan Physician, who will authorize the item if he or she determines that it is Medically Necessary. For more information about our soft goods formulary, please refer to "Ostomy and Urological Supplies" in the "Benefits" section
- **Transplants.** If your Plan Physician makes a written referral for a transplant, Medical Group's regional transplant advisory committee or board (if one exists) will authorize the Services if it determines that they are Medically Necessary. In cases where no transplant committee or board exists, Medical Group will refer you to physician(s) at a transplant center, and the Medical Group will authorize the Services if the transplant center's physician(s) determine that they are Medically Necessary

Decisions regarding requests for authorization will be made only by licensed physicians or other appropriately licensed medical professionals.

The Copayments and Coinsurance for these referral Services are the same as those required for Services provided by a Plan Provider as described in the "Copayments and Coinsurance" section.

Medical Group's decision time frames. The applicable Medical Group designee will make the authorization decision within the time frame appropriate for your condition, but no later than five business days after receiving all the information (including additional examination and test results) reasonably necessary to make the decision, except that decisions about urgent Services will be made no later than 72 hours after receipt of the information reasonably necessary to make the decision. If Medical Group needs more time to make the decision because it doesn't have information reasonably necessary to make the decision, or because it has requested consultation by a particular specialist, you and your treating physician will be informed about the additional information, tests, or specialist that is needed and the date Medical Group expects to make a decision.

Your treating physician will be informed of the decision within 24 hours after the decision is made. If the Services are authorized, your physician will be informed of the scope of the authorized Services. If Medical Group does not authorize all of the Services, you will be sent a written decision and explanation within two business days after the decision is made. The letter will include information about your appeal rights, which are described in the "Dispute Resolution" section. Any written criteria Medical Group uses to make the decision to authorize, modify, delay, or deny the request for authorization will be made available to you upon request.

More information. This description is only a brief summary of the authorization procedure. The policies and procedures (including a description of the authorization procedure or information about the authorization procedure applicable to some Plan Providers other than Kaiser Foundation Hospitals and Medical Group) are available upon request from our Member Service Call Center. Please refer to the "Emergency, Urgent, and Routine Care" section for authorization requirements that apply to Post-stabilization Care. Also, please refer to "Your Primary Care Plan Physician" in this "How to Obtain Services" section for the authorization requirements that apply when a Subscriber lives in Coachella Valley.

Second Opinions

If you request a second opinion, it will be provided to you by an appropriately qualified medical professional. An appropriately qualified medical professional is a physician who is acting within his or her scope of practice and who possesses a clinical background related to the illness or condition associated with the request for a second medical opinion. If you want a second opinion, some examples of when a second opinion is Medically Necessary are:

- If you are unsure about whether a procedure that has been recommended by your Plan Physician is reasonable or necessary
- You question a diagnosis or plan of care for a condition that threatens substantial impairment or loss of life, limb, or bodily functions
- The clinical indications are not clear or are complex and confusing
- A diagnosis is in doubt due to conflicting test results
- The Plan Physician is unable to diagnose the condition
- The treatment plan in progress is not improving your medical condition within an appropriate period of time, given the diagnosis and plan of care
- You have concerns about the diagnosis or plan of care

You can either ask your Plan Physician to help you arrange for a second medical opinion, or you can make an appointment with another Plan Provider. If Medical Group determines that there isn't a Plan Provider who is an appropriately qualified medical professional for your condition, Medical Group will authorize a referral to a non-Plan Provider for a Medically Necessary second opinion. The Copayments and Coinsurance for these referral Services are the same as those required for Services provided by a Plan Provider as described in the "Copayments and Coinsurance" section.

Contracts with Plan Providers

Health Plan and Plan Providers are independent contractors. Plan Providers are paid in a number of ways, such as salary, capitation, per diem rates, case rates, fee for service, and incentive payments. To learn more about how Plan Physicians are paid to provide or arrange medical and hospital care for Members, please ask your Plan Physician or call our Member Service Call Center.

Purchaser ID: 119695/D & D Tool And Supply Kaiser Permanente Senior Advantage
Contract: 1 Version: 14 EOC#2 Effective: 1/1/04-12/31/04 Date: 5/19/04 Paid Ref 308527
This Evidence of Coverage is subject to change during the stated effective

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may be liable for the cost of noncovered Services or of Services you obtain from non-Plan Providers.

Termination of a Plan Provider's contract. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered care you receive from that provider until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

In addition, if you are undergoing treatment for specific conditions from a Plan Physician (or certain other providers) when the contract with him or her ends (for reasons other than medical disciplinary cause, criminal activity, or the provider's voluntary termination), you may be eligible to continue receiving covered care from the terminated provider for your condition. The conditions that are subject to this continuation of care provision are:

- Certain conditions that are either acute, or serious and chronic. We may cover these Services for up to 90 days, or longer if necessary for a safe transfer of care to a Plan Physician or other contracting provider as determined by Medical Group

The Services must be otherwise covered under this *EOC*. Also, the terminated provider must agree in writing to our contractual terms and conditions and comply with them for Services to be covered by us. The Copayments and Coinsurance for the Services of a terminated provider are the same as those required for Services provided by a Plan Provider as described in the "Copayments and Coinsurance" section. For more information about this provision, or to make a request, please call our Member Service Call Center.

Our Visiting Member Program

If you visit the service area of another Region temporarily (not more than 90 days), you can receive certain Services from designated providers in that area. Coverage for these Services may differ from that in our Service Area, and is governed by our program for visiting members. This program does not cover certain Services, such as transplant or infertility Services. Also, except for covered Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care, your right to receive covered Services in the visited service area ends after 90 days unless you receive prior written authorization from us to continue receiving covered Services in the visited service area.

Please call our Member Service Call Center for more information about our visiting member program, including facility locations in other service areas. The service areas and facilities where you may obtain visiting member Services may change at any time.

Your Identification Card

Each Member's Health Plan ID card has a Medical Record Number on it, which is useful when you call for advice, make an appointment, or go to a provider for covered care. Your Medical Record Number is used to identify your medical records and membership information. Your Medical Record Number should never change. Please let us know if we ever inadvertently issue you more than one Medical Record Number, or if you need to replace your ID card, by calling our Member Service Call Center.

Your ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services he or she receives. If you let someone else use your ID card, we may keep your ID card and terminate your membership.

Getting Assistance

We want you to be satisfied with the health care you receive from Kaiser Permanente. If you have any questions or concerns, please discuss them with your primary care Plan Physician or with other Plan Providers who are treating you. At different locations, these offices may be called Member Services, Patient Assistance, or Customer Service. In addition, our Member Service Call Center representatives are available to assist you seven days a week (except holidays), from 7 a.m. to 7 p.m., toll free at 1-800-443-0815 (the toll-free TTY line for the hearing and speech impaired is 1-800-777-1370). For your convenience, you can also contact us through our Web site at www.members.kp.org.

For example, they can explain your Health Plan benefits, how to make your first medical appointment, what to do if you move, what to do if you need care while you are traveling, and how to replace your ID card. These representatives can also help you if you need to file a claim as described in "Requests for Payment or Services" or with any issues as described in the "Dispute Resolution" section.

At most of our Plan Facilities, you can usually receive all the covered Services you need, including specialty care, pharmacy, and lab work. You are not restricted to a particular Plan Facility, and we encourage you to use the facility that will be most convenient for you.

Your Guidebook

Plan Medical Offices and Plan Hospitals for your area are listed in greater detail in *Your Guidebook to Kaiser Permanente Services (Your Guidebook)*. *Your Guidebook* describes the types of covered Services that are available from each Plan Facility in your area, because some facilities provide only specific types of covered Services. It includes additional facilities that are not listed in this "Plan Facilities" section. Also, it explains how to use our Services and make appointments, and includes a detailed telephone directory for appointments and advice. *Your Guidebook* provides other important information, such as your Member rights and responsibilities. It is subject to change and periodically updated. We mail Your Guidebook annually and you can get a copy by calling our Member Service Call Center, or log on to www.members.kp.org.

Note: State law requires *Evidence of Coverage* documents to include the following notice: "Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor,

medical group, independent practice association, or clinic, or call the Kaiser Permanente Member Service Call Center, to ensure that you can obtain the health care services that you need."

Please be aware that if a Service is covered but not available at a particular Plan Facility, we will make it available to you at another facility.

Emergency, Urgent, and Routine Care

This section explains how to obtain covered Emergency Care, urgent care, Post-stabilization Care, and routine care. It also describes how our advice nurses can help assess nonemergency medical symptoms.

The care discussed in this section is not covered unless it meets the coverage requirements stated in the "Benefits" section (subject to the "Exclusions, Limitations, and Reductions" section).

Emergency, Urgent, and Post-stabilization Care

Emergency Care

If you have an Emergency Medical Condition, call 911 or go to the nearest hospital. When you have an Emergency Medical Condition, we cover Emergency Care from Plan Providers and non-Plan Providers anywhere in the world. An Emergency Medical Condition is:

- A medical or psychiatric condition that manifests itself by acute symptoms of sufficient severity (including severe pain) such that you could reasonably expect the absence of immediate medical attention to result in any of the following:
 - ◆ serious jeopardy to your health
 - ◆ serious impairment to your bodily functions
 - ◆ serious dysfunction of any bodily organ or part
- "Active labor," which means a labor when there is inadequate time for safe transfer to a Plan Hospital (or designated hospital) before delivery or if transfer poses a threat to the health and safety of the Member or unborn child

Note: Emergency Care is available at Plan Hospital Emergency Departments listed in *Your Guidebook*. For ease and continuity of care, we encourage you to go to a Plan Hospital Emergency Department, but only if it is reasonable to do so, considering your condition or symptoms. Please refer to *Your Guidebook* for Plan Hospital Emergency Department locations in your area.

Urgent care

When you are sick or injured, you may have an urgent care need. An urgent care need is one that requires prompt medical attention, but is not an Emergency Medical Condition. If you think you may need urgent care, call the appropriate appointment or advice nurse telephone number at a Plan Facility. Please refer to *Your Guidebook* for advice nurse and Plan Facility telephone numbers.

Also, in the event of unusual circumstances that delay or render impractical the provision of Services under this EOC (such as, major disaster, epidemic, war, riot, and civil insurrection), we cover urgent care inside our Service Area from a non-Plan Provider.

Out-of-Area Urgent Care. If you are temporarily outside our Service Area for six months or less and have an urgent care need due to an unforeseen illness or injury, we cover the Medically Necessary Services you receive from a non-Plan Provider if we find that the Services were necessary to prevent serious deterioration of your health and they could not be delayed until you returned to our Service Area.

Post-stabilization and follow-up care

Post-stabilization Care. Post-stabilization Care is the Services you receive after your treating physician determines that your Emergency Medical Condition is Clinically Stable, or after you obtain covered Out-of-Area Urgent Care.

We cover Post-stabilization Care if one of the following is true:

- We provide or authorize the care
- The care was Medically Necessary to maintain stabilization and it was administered within one hour following a request for authorization and we have not yet responded
- The non-Plan Provider and we do not agree about your care and a Plan Physician is not available for consultation
- In the rare circumstance that we are unavailable or cannot be contacted

Covered Post-stabilization Care is effective until one of the following events occurs:

- You are discharged from the non-Plan Hospital
- We assume responsibility for your care
- The non-Plan Provider and we agree to other arrangements

To request authorization to receive Post-stabilization Care from a non-Plan Provider, you must call us at 1-800-225-8883 *before* you receive the care if it is reasonably possible to do so (otherwise, call us as soon as reasonably possible). After we are notified, we will discuss your condition with the non-Plan Provider. If we decide that your Post-stabilization Care would be covered if you received it from a Plan Provider, we will authorize your care from the non-Plan Provider or arrange to have a Plan Provider (or other designated provider) provide the care with the treating physician's concurrence. If we decide to have a Plan Provider (or other designated provider) provide your care, we may authorize special transportation Services that are medically required to get you to the provider. This may include transportation that is otherwise not covered.

Be sure to ask the non-Plan Provider to tell you what care (including transportation) we have authorized since we do not cover unauthorized Post-stabilization Care provided by non-Plan Providers, except as otherwise described in this section. Also, you will only be held financially liable if you are notified by the non-Plan Provider or us about your potential liability.

Follow-up care. We do not cover follow-up care provided by non-Plan Providers unless it is covered Emergency Care, Out-of-Area Urgent Care, or Post-stabilization Care described in this "Emergency, Urgent, and Routine Care" section.

Call us!

You must call us at **1-800-225-8883** (or the notification telephone number on your ID card) to request authorization for Post-stabilization Care *before* you obtain the care from a non-Plan Provider if it is reasonably possible to do so (otherwise, call us as soon as reasonably possible). Also, please call us any time you are admitted to a non-Plan Hospital.

We understand that extraordinary circumstances can delay your ability to call us, for example, if you are unconscious. In these cases, you must call us as soon as reasonably possible. Please keep in mind that anyone can call us for you. Except as otherwise described in this section, we do not cover any care you receive from non-Plan Providers after you're Clinically Stable unless we authorize it, so if you don't call as soon as reasonably possible, you increase the risk that you will have to pay for this care.

Payment and reimbursement

If you receive Emergency Care, Out-of-Area Urgent Care, or Post-stabilization Care from a non-Plan Provider, the provider may agree (or may be required) to bill for the Services, or may require that you pay for the Services at that time. In either case, to request payment or reimbursement, you must file a claim as described under "Non-Plan Emergency Care, Out-of-Area Urgent Care, Post-stabilization Care, and Out-of-Area Dialysis Care" in the "Requests for Payment or Services" section.

We will reduce any payment we make by applicable Copayments or Coinsurance, which are the same ones required for Services provided by a Plan Provider as described in the "Copayments and Coinsurance" section.

Also, if Medicare is secondary payer by law, we will reduce our payment by any amounts paid or payable (or that in the absence of this plan would have been payable) for the Services under any insurance policy, or any other contract or coverage, or any government program except Medicaid.

Routine Care

If you need to make a routine care appointment, please refer to *Your Guidebook* for appointment telephone numbers, or log on to www.members.kp.org to request an appointment online. Routine appointments are for medical needs that aren't urgent (such as routine checkups and school physicals). Try to make your routine care appointments as far in advance as possible.

Our Advice Nurses

We know that sometimes it's difficult to know what type of care you need. That's why we have telephone advice nurses available to assist you. Our advice nurses are registered nurses (RNs) specially trained to help assess medical symptoms and provide advice over the phone, when medically appropriate. Whether you are calling for advice or to make an appointment, you can speak to an advice nurse. They can often resolve a minor concern or advise you about what to do next, including making a same-day urgent care appointment for you if it's medically appropriate. To reach an advice nurse, please refer to *Your Guidebook* for the telephone numbers.

Benefits

The Services described in this "Benefits" section are covered only if all of the following conditions are satisfied:

- The Services are Medically Necessary
- The Services are provided, prescribed, authorized, or directed by a Plan Physician except where specifically noted to the contrary in the following sections about:
 - ◆ our visiting member program, in the "How to Obtain Services" section
 - ◆ Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care received from non-Plan Providers, in the "Emergency, Urgent, and Routine Care" section
- You receive the Services from Plan Providers inside our Service Area, except where specifically noted to the contrary in the following sections about:
 - ◆ getting a referral, in the "How to Obtain Services" section
 - ◆ our visiting member program, in the "How to Obtain Services" section
 - ◆ Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care received from non-Plan Providers, in the "Emergency, Urgent, and Routine Care" section
 - ◆ Out-of-Area dialysis care, in this "Benefits" section

Exclusions and limitations that apply only to a particular benefit are described in this "Benefits" section.

Exclusions, limitations, and reductions that apply to all benefits are described in the "Exclusions, Limitations, and Reductions" section. Also, please refer to:

- The "Emergency, Urgent, and Routine Care" section for information about how to obtain Emergency Care, urgent care, Post-stabilization Care, and routine care
- The "Copayments and Coinsurance" section for the amounts you must pay for covered Services described in this "Benefits" section
- *Your Guidebook* for the types of covered Services that are available from each Plan Facility in your area, because some facilities provide only specific types of covered Services

Special Note about Services Associated with Clinical Trials

Original Medicare will pay for certain Services related to qualifying clinical trials that we do not cover. You should continue to come to Plan Providers for all covered Services that are not part of the clinical trial. Medicare will pay for many, but not all, Services associated with qualifying clinical trials. You should ask the clinical trial provider if the clinical trial qualifies for Medicare payments and what Medicare coinsurance and other out-of-pocket expenses you will have to pay for related Services. Original Medicare does not require that you get a referral from a Plan Physician to join a qualifying clinical trial. However, you should tell us before you join a clinical trial outside of Kaiser Permanente so we can keep track of your Services. For more information on Medicare payments for clinical trials and which trials qualify, please call Medicare directly at 1-800-MEDICARE (1-800-633-4227) (TTY 1-877-486-2048).

Drugs, Supplies, and Supplements

We cover drugs, supplies, and supplements specified in this section and drugs covered by Medicare when prescribed by a Plan Physician (except as otherwise described under "Outpatient drugs, supplies, and supplements") and in accord with our drug formulary guidelines.

You must obtain covered drugs, supplies, and supplements from a Plan Pharmacy. Please refer to *Your Guidebook* for the location of Plan Pharmacies in your area. You may be able to order refills through our Web site at www.members.kp.org. A Plan Pharmacy or *Your Guidebook* can give you more information about obtaining refills (for example most Plan Pharmacies offer refills by mail, whereas a few Plan Pharmacies don't dispense covered refills).

Please be aware that durable medical equipment used to administer drugs is not covered under this "Drugs, Supplies, and Supplements" section (instead, refer to the "Durable Medical Equipment" section).

Administered drugs, supplies, and supplements

We cover the following during a covered stay in a Plan Hospital or Skilled Nursing Facility, or if they require administration or observation by medical personnel and are administered to you in a Plan Medical Office or during home visits:

Self-administered IV drugs, supplies, and supplements

We cover certain drugs, fluids, additives, and nutrients that require specific types of parenteral-infusion (such as an IV or intraspinal-infusion). We also cover the supplies and equipment required for their administration. Injectable drugs, insulin, and drugs for the treatment of infertility are not covered under this paragraph (instead, refer to the "Outpatient drugs, supplies, and supplements" paragraph below).

Note: Insulin pumps and their supplies are not covered under this "Drugs, Supplies, and Supplements" section (instead, refer to the "Durable Medical Equipment" section).

We cover the following drugs, supplies, and supplements when prescribed by a Plan Physician or dentist (drugs, supplies, and supplements prescribed by dentists are not covered if a Plan Physician determines that they are not Medically Necessary):

About our drug formulary

Our drug formulary includes the list of drugs that have been approved by our Pharmacy and Therapeutics Committee for our Members. Our Pharmacy and Therapeutics Committee, which is primarily comprised of Plan Physicians, selects drugs for the drug formulary based on a number of factors, including safety and effectiveness as determined from a review of medical literature. The Pharmacy and Therapeutics Committee meets quarterly to consider additions and deletions based on new information or drugs that become available. If you would like information about whether a particular drug is included in our drug formulary, please call our Member Service Call Center. The presence of a drug on our drug formulary does not necessarily mean that your Plan Physician will prescribe it for a particular medical condition.

Our drug formulary guidelines allow you to obtain nonformulary prescription drugs (those not listed on our drug formulary for your condition) if a Plan Physician determines that they are Medically Necessary. If you disagree with your Plan Physician's determination that a nonformulary prescription drug is not Medically Necessary, you may file a grievance as described in the "Dispute Resolution" section. Also, our formulary guidelines may require you to participate in a Plan-approved behavioral intervention program for specific conditions and you may be required to pay for the program.

Drugs, supplies, and supplements exclusions

- Any requested packaging (such as dose packaging) other than the dispensing pharmacy's standard packaging
- Compounded products unless the product is listed on our drug formulary or one of the ingredients requires a prescription by law
- Drugs when prescribed to shorten the duration of the common cold

Note: If this EOC is amended to exclude a drug that we have been covering and providing to you under this EOC, we will continue to provide the drug if a prescription is required by law and a Plan Physician continues to prescribe the drug for the same condition and for a use approved by the FDA. You must pay a 50 percent Coinsurance.

Durable Medical Equipment

We cover durable medical equipment (DME) in accord with our DME formulary and Medicare guidelines. Coverage is limited to the standard item of equipment that adequately meets your medical needs.

DME at a Plan Hospital or Skilled Nursing Facility

We cover equipment, including oxygen used during a covered stay in a Plan Hospital or Skilled Nursing Facility if Skilled Nursing Facilities ordinarily furnish the equipment.

DME for home use

Inside our Service Area, we cover DME for use in your home (or another location used as your home as defined by Medicare inside our Service Area). If you live outside our Service Area, we do not cover most DME for use in your home, but our DME formulary guidelines allow certain DME (such as crutches and canes) for use in your home to be picked up from Plan Facilities even if you live outside our Service Area. To find out whether we will cover a particular DME item even if you live outside our Service Area, please call our Member Service Call Center. References in this paragraph to living outside our Service Area only apply to Members enrolled in Senior Advantage on December 31, 1998 who lived outside our Service Area and continue to live at the same address.

We decide whether to rent or purchase the equipment, and we select the vendor. We will repair or replace the equipment, unless the repair or replacement is due to misuse.

About our DME formulary

Our DME formulary includes the list of durable medical equipment that is covered by Medicare or has been approved by our DME Formulary Review Committee for our Members. The DME formulary was developed by a multidisciplinary clinical and operational workgroup with review and input from Plan Physicians and medical professionals with DME expertise (for example physical, respiratory, and enterostomal therapists and home health). A multidisciplinary DME Formulary Review Committee is responsible for reviewing and revising the DME formulary. The DME formulary is periodically updated to keep pace with changes in medical technology, Medicare guidelines, and clinical practice. To find out whether a particular DME is included in our DME formulary, please call our Member Service Call Center.

Our formulary guidelines allow you to obtain nonformulary DME (those not listed on our DME formulary for your condition) if Medical Group determines that it is Medically Necessary as described in "Medical Group authorization procedure for certain referrals" under "Getting a Referral" in the "How to Obtain Services" section.

Hospice Care

Hospice care is a specialized form of interdisciplinary health care designed to provide palliative care and to alleviate the physical, emotional, and spiritual discomforts of a Member experiencing the last phases of life due to a terminal illness. It also provides support to the primary caregiver and the Member's family. A Member who chooses hospice care is choosing to receive palliative care for pain and other symptoms associated with the

Special note for Members with Medicare Parts A and B

Medicare covers hospice care directly for Members with Medicare Parts A and B; we do not cover the care. Although we do not cover it, if your Plan Physician determines you are eligible for and you wish to elect hospice care, we will assist you in identifying Medicare-certified hospices, including any Kaiser Permanente hospice, in your area. The hospice will bill Medicare directly for the care ordered by the hospice team. In addition, the hospice may charge you 5% of the reasonable cost of outpatient drugs or biologicals for pain relief and symptom management (up to a maximum of \$5 for each prescription). The hospice may also charge you approximately \$5 for each day of inpatient respite care. Note: If you elect hospice care, you are not entitled to any other benefits for the terminal illness under this EOC or Medicare. However, if the combination of special contact lenses and eyeglasses will provide a significant improvement in your vision not obtainable with special contact lenses alone, you can use that allowance toward the purchase of the eyeglasses if we have not covered lenses or frames within the previous 24 months. To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total of Charges for the relevant Services.

To secure our rights, we will have a lien on the proceeds of any judgment or settlement you obtain against a third party. The proceeds of any judgment or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the recovery is less than the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against a third party, you must send written notice of the claim or legal action to:

Kaiser Permanente
Special Recovery Unit-8553
Parsons East, 2nd Floor
P.O. Box 7017
Pasadena, CA 91109-9977

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney, the third party, and the third party's liability insurer to pay us directly. You must not take any action prejudicial to our rights.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on your injury or illness, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Medicare law may apply with respect to Services covered by Medicare.

Some providers have contracted with Kaiser Permanente to provide certain Services to Members at rates that are typically less than the fees that the providers ordinarily charge to the general public ("General Fees"). However, these contracts may allow the providers to assert any independent lien rights they may have to recover their General Fees from a judgment or settlement that you receive from or on behalf of a third party. For Services the provider furnished, our recovery and the provider's recovery together will not exceed the provider's General Fees.

Medicare as secondary payer

Auto and liability insurance. When Medicare by law is the secondary payer, federal law authorizes health plans to seek reimbursement from the medical expense provisions of any motor vehicle insurance covering you, and any liability insurance that provides payment for injuries or illness to you. We will reduce your benefits under this EOC by all amounts paid or payable under your other health plan or insurance policy. You must complete and submit to us all consents, releases, assignments, and other documents necessary for us to obtain or assure such payment. If you fail to do so, then we may, at our discretion, require you to pay for the Services.

Coordination of benefits (COB). In certain cases, this EOC is subject to coordination of benefits. COB applies when you have health benefits coverage through more than one health care plan and one of them is Group coverage that is subject to Medicare secondary payer law. If federal law requires that a Group's coverage be primary and Medicare coverage be secondary, we or the other health care plan will coordinate benefits with the plan whose Group coverage is primary by law. We will ask if you have other coverage. If you have other health care plan coverage, you must help us obtain payment from them by providing the information we request. The following are situations when Medicare is secondary for the purposes of COB:

- If you are age 65 or older and have group health care coverage through an employer with 20 or more employees, either through your or your Spouse's current employment (this applies to most employers with 20 or more employees)
- If you are under age 65 and entitled to Medicare due to disability and have coverage under a large employer group health plan (100 or more employees), either through your own employment or the employment of a family member
- If you become eligible for, or entitled to, Medicare based on end-stage renal disease (ESRD) and are covered by an employer group health plan, you will be subject to a 30-month benefit coordination period, during which time Medicare is secondary payer, if: (1) ESRD is the sole basis for your Medicare eligibility or entitlement, (2) you also become eligible for or entitled to Medicare based on age or disability during the first 30 months of your ESRD-based eligibility or entitlement, or (3) you are entitled to Medicare based on age or disability and are subject to Medicare secondary payer provisions (refer to the first two bullets above)

Medicare benefits

As a Senior Advantage Member, you receive all Medicare covered benefits through us (except for hospice care for Members with Medicare Parts A and B and qualifying clinical trials, which are covered directly by Medicare) and these benefits are not duplicated.

Surrogacy arrangements

You must pay us Charges for covered Services you receive related to conception, pregnancy, or delivery in connection with a surrogacy arrangement ("Surrogacy Health Services"). Your obligation to pay us for Surrogacy Health Services is limited to the compensation you are entitled to receive under the surrogacy arrangement. A surrogacy arrangement is one in which you agree to become pregnant and to surrender the baby to another person or persons who intend to raise the child.

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments. Those payments shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a surrogacy arrangement, you must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement, and a copy of any contracts or other documents explaining the arrangement, to:

Kaiser Permanente
Special Recovery Unit
Parsons East, 2nd Floor
P.O. Box 7017
Pasadena, CA 91109-9977
Attention: Third Party Liability Supervisor

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy arrangements" section and to satisfy those rights. You must not take any action prejudicial to our rights.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the

estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

U.S. Department of Veterans Affairs

For any Services for conditions arising from military service that the law requires the Department of Veterans Affairs to provide, we will not pay the Department of Veterans Affairs, and when we cover any such Services we may recover the value of the Services from the Department of Veterans Affairs.

Workers' compensation or employer's liability benefits

You may be eligible for payments or other benefits, including amounts received as a settlement (collectively referred to as "Financial Benefit"), under workers' compensation or employer's liability law. We will provide covered Services even if it is unclear whether you are entitled to a Financial Benefit, but we may recover the value of any covered Services from the following sources:

- From any source providing a Financial Benefit or from whom a Financial Benefit is due
- From you, to the extent that a Financial Benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the Financial Benefit under any workers' compensation or employer's liability law

Requests for Payment or Services

Requests for Payment

Non-Plan Emergency Care, Out-of-Area Urgent Care, Post-stabilization Care, and Out-of-Area Dialysis Care

If you receive Emergency Care, Out-of-Area Urgent Care, Post-stabilization Care, and Out-of-Area dialysis care from a non-Plan Provider (as described in the "Emergency, Urgent, and Routine Care" section about Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care and in the "Benefits" section about Out-of-Area dialysis care), ask the non-Plan Provider to submit a claim to us within 60 days or as soon as possible, but no later than 15 months after receiving care (or up to 27 months according to Medicare rules, in some cases). If the provider refuses and bills you, send us the unpaid bill with a claim form. To file a claim, this is what you need to do:

- As soon as possible, get our claim form by calling our Member Service Call Center toll free at 1-800-443-0815 or 1-888-634-1300 (TTY 1-800-777-1370). Also, one of our representatives will be happy to assist you if you need help completing our claim form
- If you have paid for Services, you must send us our completed claim form for reimbursement. Please attach any bills from the non-Plan Provider and receipts
- You must complete and return to us any information that we request to process your claim, such as claim forms, consents for the release of medical records, assignments, and claims for any other benefits to which you may be entitled
- The completed claim form must be mailed to the following address as soon as possible, but no later than 15 months after receiving care (or up to 27 months according to Medicare rules, in some cases). Please do not send any bills or claims to Medicare. Any additional information we request should also be mailed to this address:

Kaiser Foundation Health Plan, Inc.
Claims Department
P.O. Box 7102
Pasadena, CA 91109-9880

We will notify you of our decision within 60 days after we receive your claim. If we totally or partially deny your claim, we will notify you in writing of the reasons for denial and of your right to seek reconsideration. If you have not received a determination on your claim within 60 days after we receive your claim, you may assume the determination is negative and you may use the Medicare appeals procedure described in the "Dispute Resolution" section.

Other Services

To request payment for Services that you believe should be covered, other than the Services described above, you or your non-Plan Provider must submit a written request to your local Member Services Department at a Plan Facility. Please attach any bills and receipts if you have paid any bills. Please be aware that we may not pay for Services provided by non-Plan Providers who have been sanctioned or debarred by Medicare, or who have opted out of Medicare.

We will respond to your claim within 60 days. If we deny your claim, we will tell you the specific reasons for the denial. If you have not received a notice about our determination on your claim within 60 days after we receive it, you may assume the decision is negative and you may request an appeal. Likewise, if you disagree with our decision, you may appeal our decision as described in the "Dispute Resolution" section.

Requests for Services that you have not yet received

Standard decision

You may request that we provide Services that you have not yet received (except for hospice care for Members with Medicare Parts A and B), but that you believe you are entitled to receive through Kaiser Permanente. These requests should be submitted in writing to your local Member Services Department at a Plan Facility. We will respond to your request within 14 days. If we deny your request, we will send you a notice that explains the reason for the denial and provides information about your appeal rights as described in the "Dispute Resolution" section.

Expedited decision

You may ask that we make an expedited decision on your request. Expedited requests may be made orally or in writing. We will make an expedited decision within 72 hours if we find, or if your physician states, that your health or ability to regain maximum function could be seriously harmed by waiting 14 days for a standard decision. We may extend our decision for up to 14 days if it is in your interest, or if you request an extension. For example, our decision may take longer if we have to wait for medical information from a non-Plan Provider. If we must extend the time frame, we will provide written notice. If you disagree with our decision to extend the time frame you may file a grievance as described in the "Dispute Resolution" section.

You or your physician may request an expedited decision by calling toll free 1-888-987-7247 or by sending your written request to Kaiser Foundation Health Plan, Inc., Advocacy Program, P.O. Box 12983, Oakland, CA 94604-2983, Attention: Medicare Expedited Review. You may also fax your request to 1-888-987-2252, or deliver your request in person to your local Member Services Department at a Plan Facility. Specifically state that you want an expedited decision, 72-hour decision, or that you believe that your health could be seriously harmed by waiting 14 days for a decision. If we deny your request for an expedited decision, we will give you prompt oral notice and provide written notice within 72 hours. The notice will include information about your grievance rights as described in the "Dispute Resolution" section. Also, we will automatically transfer your request for a standard decision review and make a decision within 14 days from the date of the request.

Dispute Resolution

We are committed to providing you with quality care and with a timely response to your concerns if an issue arises. Our Member Service representatives are available to discuss your concerns at most Plan Facilities or you can call our Member Service Call Center. The following procedures for resolving disputes are discussed in detail below:

- **Standard Medicare appeal procedure.** To appeal denied claims for payment or denied requests for Services when an expedited Medicare appeal is not required
- **Expedited Medicare appeal procedure.** To appeal discontinuation of Services, or denied requests for Services when your health or ability to function could be seriously harmed by waiting 30 days for a standard Medicare appeal
- **Immediate Quality Improvement Organization (QIO) review.** To appeal denial of continued coverage of a stay in a hospital when we have determined that hospitalization is no longer Medically Necessary

- **Quality Improvement Organization complaint procedure.** To report concerns about the quality of care you receive, you can also file a complaint with your local Quality Improvement Organization
- **Grievance procedure.** To report any quality of care concerns you have and to seek resolution of an issue that is not subject to a Medicare appeals procedure
- **Binding arbitration.** To resolve all other claims arising from your membership, unless otherwise indicated below

Special note about hospice care

For Members entitled to Medicare Parts A and B, Medicare covers hospice care directly and it is not covered under this *EOC*. Therefore, any disputes related to the coverage of hospice care for Members entitled to Medicare Parts A and B must be resolved directly with Medicare and not through any dispute resolution procedure discussed in this section.

Standard Medicare Appeal Procedure

This procedure applies to denied requests for Services and denied claims for payment of Services received from non-Plan Providers, including those related to Emergency Care, Out-of-Area Urgent Care, Post-stabilization Care, and Out-of-Area dialysis care (it does not apply to hospice care). For claims, we will process your reconsideration request within 60 days. For denied requests for Services that you believe are covered under this *EOC*, we will process your reconsideration request within 30 days from receipt of the reconsideration request. If it is in your best interest, or if you request, we may extend our decision for an additional 14 days beyond the 30-day period. If we must extend the time frame, we will provide written notice. If you disagree with our decision to extend the time frame, you may file a grievance as described under "Grievances." **We will use this procedure to reconsider all claims and requests unless the expedited (72-hour) Medicare appeal procedure applies.**

If we deny your initial claim for payment or request for Services, we will tell you the specific reasons for the denial in a written denial notice. If you disagree with our decision, you have the right to request a reconsideration of our decision. Your reconsideration request must be filed in writing with us at the address shown on your denial notice, or with an office of the Social Security Administration, or if you are a qualified Railroad Annuitant, with the Railroad Retirement Board office. Even though you may file your reconsideration request with the office of the Social Security Administration or with the Railroad Retirement Board office, that office will transfer your reconsideration request to us for processing.

You must submit your reconsideration request within 60 days from the date on the denial notice, unless you show good cause for a delay past 60 days. You have the right to submit any new information to support your reconsideration request in person or in writing.

If we do not rule fully in your favor, we will forward your reconsideration request to the CMS contractor, The Center for Health Dispute Resolution (The Center), for a decision. The Center will then make its own reconsideration decision and advise you of its decision, the reason for its decision, and your rights to a hearing before an administrative law judge.

If our standard reconsideration decision is fully in your favor for the Services you requested, we will authorize or provide the Service to you as quickly as your health condition requires, but no later than 30 days from receipt of your reconsideration request. If our decision is fully in your favor for a request for payment, we will pay for the Services no later than 60 days from receipt of your reconsideration request.

If The Center's decision is in your favor for a request for Service, we will do one of the following:

- Authorize those Services as quickly as your health condition requires, but no later than 72 hours from the date we receive notice of The Center's decision
- Provide those Services as quickly as your health condition requires, but no later than 14 days from the date we receive notice of The Center's decision

If The Center's decision is in your favor for a request for payment, we will pay for the Service within 30 days from receipt of The Center's decision.

Expedited Medicare Appeal Procedure

This procedure applies to denied requests for Services that you believe we should provide, arrange, or continue (does not apply to hospice care). This procedure does not apply to denied claims for payment. You may ask that we make an expedited decision on your reconsideration request. We will make an expedited decision within 72 hours if we find, or if your physician states, that your health or ability to regain maximum function could be seriously harmed by waiting 30 days for the standard Medicare appeal procedure decision. If it is in your best interest, we may extend the time frame to make our decision for an additional 14 days beyond the 72-hour period. For example, you may need time to provide us with additional information, or we may need to have additional diagnostic tests completed. Also, our decision may take longer than 72 hours if we have to wait for medical information from a non-Plan Provider.

You must submit your reconsideration request within 60 days of the date on the denial notice. You or your physician may request an expedited Medicare reconsideration request by calling toll free 1-888-987-7247, or by writing to Kaiser Foundation Health Plan, Inc., Advocacy Program, P.O. Box 12983, Oakland, CA 94604-2983, Attention: Medicare Expedited Review. You may also fax your request to 1-888-987-2252, or deliver your request in person to your local Member Services Department at a Plan Facility. Specifically state that you want an expedited reconsideration decision, 72-hour reconsideration decision, or that you believe that your health could be seriously harmed by waiting 30 days for a decision.

If we deny your request for an expedited Medicare reconsideration request, we will automatically review your request under the standard Medicare appeal procedure. You do not need to submit a separate reconsideration request. If you disagree with our decision not to expedite your reconsideration request, you may file a grievance as described in the "Grievances" section. If our decision under the standard or expedited Medicare appeal procedure is not fully in your favor, we will automatically forward your request for reconsideration to the CMS contractor, The Center for Health Dispute Resolution (The Center), for an independent review. The Center will send you a letter with their decision within 72 hours of receipt of your case.

If our expedited decision is fully in your favor for the Services you requested, we will authorize or provide those Services to you as quickly as your health condition requires, but no later than 72 hours from receipt of your reconsideration request. If The Center's decision is in your favor for the Services you requested, we will authorize or provide those Services as quickly as your health condition requires, but no later than 72 hours from the date we receive notice of The Center's decision.

Support for Your Request

You are not required to submit additional information to support your request for Services or payment for Services already received. We are responsible for gathering all necessary information, however, it may be helpful to you to include additional information to clarify or support your position. For example, you may want to include in your reconsideration request, information such as medical records or physician opinions in support of your reconsideration request. We will obtain medical records from Plan Providers on your behalf. If you have received Services from a non-Plan Provider, you will need to contact the non-Plan Provider to obtain your medical records. You may need to send or fax a written request. Ask your physician to send or fax the records directly to us, if possible. We will provide an opportunity for you to provide additional information in person or in writing.

You may submit any new evidence to support your reconsideration request of denied requests for Services by mail, fax, or phone (or in person) at the numbers or addresses listed above for expedited Medicare appeals and standard Medicare appeals.

If you decide to appeal or request reconsideration and want help, you may have a doctor, friend, lawyer, or someone else help you. There are several groups that can help you at the following toll-free numbers:

If You Disagree with The Center's Decision

If you disagree with The Center's decision about your standard or expedited reconsideration request, you may request a hearing before an administrative law judge by filing a written request at a Social Security office (or at a Railroad Retirement Board office if a Railroad Annuitant) or by writing to one of the following two locations:

- The Center for Health Dispute Resolution, 1 Fishers Rd., 2nd Floor, Pittsford, NY 14534-9597
- Kaiser Foundation Health Plan, Member Services, 393 E. Walnut St., Pasadena, CA 91188

This request must be filed within 60 days after the date of notice of The Center's adverse decision. This 60-day notice period may be extended for good cause by the administrative law judge. A hearing can be held only if the amount in controversy is \$100 or more, as determined by the administrative law judge. An adverse decision by the administrative law judge may be reviewed by the Departmental Appeals Board (DAB) of the Department of Health and Human Services, either by its own action or as the result of a request from you or from us. If the amount involved is \$1,000 or more, either you or we may request that a decision made by the DAB be reviewed by a federal district court. The party requesting judicial review must notify the other parties involved. An initial, revised, or appeal determination made by us, The Center, an administrative law judge, or the DAB may be reopened (a) within 12 months, (b) within four years for just cause, or (c) at any time for clerical correction or in cases of fraud.

Immediate Quality Improvement Organization (QIO) Review

You may request an immediate Quality Improvement Organization (QIO) review if you believe you are being asked to leave the hospital too soon and we deny coverage of your continued stay in the hospital because hospitalization is no longer Medically Necessary. A QIO is a group of doctors paid by the federal government to review the medical necessity, appropriateness, and quality of hospital treatment furnished to you. When we inform you that you are being discharged, we will provide you a written "Notice of Discharge and Medicare Appeal Rights" that describes in detail the procedures available to you to request a QIO review.

When you are admitted to any hospital, you will be provided a document entitled "An Important Message to Medicare Beneficiaries." The document describes your rights while you are a hospital patient. Those rights include: (1) the right to receive all hospital care that is necessary for the proper diagnosis and treatment of your illness or injury and the right to have your discharge date determined solely by your medical need and not by any method of payment, (2) the right to be fully informed about decisions affecting the coverage and payment of your hospital stay and for any post-hospital Services, and (3) the right to request a review by a QIO if we determine that your hospital stay is no longer Medically Necessary and you disagree.

Requesting QIO review

When you receive the "Notice of Discharge and Medicare Appeal Rights," if you believe that you are being asked to leave the hospital too soon, you may request an immediate QIO review by phone or in writing. If you request a QIO review by noon of the first business day after you receive the "Notice of Discharge and Medicare Appeal Rights," you will not be financially responsible for the cost of your hospitalization until the QIO makes a decision. By requesting QIO review, you may not use the standard Medicare appeal procedure or expedited Medicare appeal procedure described above. The QIO will respond to your request for review of the "Notice of Discharge and Medicare Appeal Rights" by phone or in writing. The QIO will ask you your views about your case before making a decision.

If the QIO agrees with the "Notice of Discharge and Medicare Appeal Rights," you will be financially responsible for all costs of hospitalization beginning at noon of the day after you receive the QIO decision. If you do not agree with the QIO decision, you may request that the QIO immediately reconsider your case. The QIO may take up to three business days from receipt of your appeal to make a decision. The QIO will inform you in writing of the reconsideration decision. If the QIO continues to agree with the "Notice of Discharge and Medicare Appeal Rights," you will be financially responsible for the cost of your continued hospitalization, beginning at noon of the day after you received the first QIO decision. If, upon reconsideration, the QIO disagrees with the

"Notice of Discharge and Medicare Appeal Rights," you will not be financially responsible for the cost of any additional hospital days approved by the QIO.

Note: If you do not request a QIO review, you will be financially responsible for the cost of your hospitalization beginning on the first day after receipt of the "Notice of Discharge and Medicare Appeal Rights." You may use the standard Medicare appeal procedure or expedited Medicare appeal procedure described above if you do not request a QIO review. However, you may be financially responsible for the cost of your hospitalization, beginning on the first day after receipt of the "Notice of Discharge and Medicare Appeal Rights," if the appeal decision is not in your favor.

Quality Improvement Organization Complaint Procedure

If you are concerned about the quality of care you have received, you may also file a complaint with the local Quality Improvement Organization, by writing to California Medical Review, Inc., One Sansome St., Suite 600, San Francisco, CA 94104-4448 (fax number 1-415-677-2185), or by calling toll free at 1-800-841-1602. Quality Improvement Organizations are groups of doctors and health professionals that monitor the quality of care provided to Medicare beneficiaries. The Quality Improvement Organization review process is designed to help stop any improper practices.

Grievances

You can file a grievance for any issue that is not subject to a Medicare appeals procedure described above. Your grievance must explain your issue, such as the reasons why you believe a decision was in error or why you are dissatisfied with the Services you received. Grievances may be submitted orally or in writing and they must be submitted to a Member Service representative at a Plan Facility or through our Web site at www.members.kp.org.

We will send you a confirming letter within five days of our receipt of your grievance. We will send you our written decision within 30 days. If we deny your grievance in whole or in part, our written decision will fully explain why we denied it and additional dispute resolution options.

Expedited grievance

You may make an oral or written request that we expedite your grievance if we:

- Deny your request to expedite a decision related to a Service that you have not yet received described under "Expedited decision" in the "Request for Payment or Services" section
- Deny your request to expedite your Medicare appeal described under "Expedited Medicare Appeals Procedure" in this section
- Decide to extend the time we need to make a standard or an expedited decision described under "Standard decision" or "Expedited decision" in the "Request for Payment or Services" section and under "Standard Medicare Appeals Procedure" or "Expedited Medicare Appeals Procedure" in this section

If you request an expedited grievance, we will respond to your request within 24 hours.

Who May File

The following persons may file a grievance, appeal, or reconsideration request:

- You may file for yourself
- You may appoint someone as your authorized representative by completing our authorization form. Authorization forms are available from your local Member Services Department at a Plan Facility or by calling our Member Service Call Center. Your completed authorization form must accompany the request
- You may file for your Dependent children, except that they must appoint you as their authorized representative if they have the legal right to control release of information that is relevant to the request
- You may file for your ward if you are a court-appointed guardian
- You may file for your conservatee if you are a court-appointed conservator
- You may file for your principal if you are an agent under a health care proxy, to the extent provided under state law

Binding Arbitration

For all claims subject to this "Binding Arbitration" section both Claimants and Respondents give up the right to a jury or court trial, and accept the use of binding arbitration. Insofar as this "Binding Arbitration" section applies to claims asserted by Kaiser Permanente Parties, it shall apply retroactively to all unresolved claims that accrued before the effective date of this *EOC*. Such retroactive application shall be binding only on the Kaiser Permanente Parties.

Scope of Arbitration

Any dispute shall be submitted to binding arbitration if all of the following requirements are met:

1. The claim arises from or is related to an alleged violation of any duty incident to or arising out of or relating to this *EOC* or a Member Party's relationship to Kaiser Foundation Health Plan, Inc., (Health Plan), including any claim for medical or hospital malpractice, for premises liability, or relating to the coverage for, or delivery of, Services, irrespective of the legal theories upon which the claim is asserted
2. The claim is asserted by one or more Member Parties against one or more Kaiser Permanente Parties or by one or more Kaiser Permanente Parties against one or more Member Parties
3. The claim is *not* within the jurisdiction of the Small Claims Court
4. If the Member's Group must comply with the Employee Retirement Income Security Act (ERISA) requirements, the claim is *not* a benefit-related request that constitutes a "benefit claim" in Section 502(a)(1)(B) of ERISA. Note: Benefit claims under this Section of ERISA are excluded from this binding arbitration requirement only until such time as the United States Department of Labor regulation prohibiting mandatory binding arbitration of this category of claim (29 CFR 2560.503-1(c)(4)) is modified, amended, repealed, superseded, or otherwise found to be invalid. If this occurs, these claims will automatically become subject to mandatory binding arbitration without further notice
5. The claim is not subject to a Medicare appeals procedure

As referred to in this "Binding Arbitration" section,

1. "Member Parties" include:
 - a. A Member,
 - b. A Member's heir or personal representative, or
 - c. Any person claiming that a duty to him or her arises from a Member's relationship to one or more Kaiser Permanente Parties.
2. "Kaiser Permanente Parties" include:
 - a. Kaiser Foundation Health Plan, Inc. (Health Plan),
 - b. Kaiser Foundation Hospitals (KFH),
 - c. The Permanente Medical Group, Inc. (TPMG),
 - d. Southern California Permanente Medical Group (SCPMG),
 - e. The Permanente Federation, LLC,
 - f. The Permanente Company, LLC,
 - g. Any KFH, TPMG, or SCPMG physician,
 - h. Any individual or organization whose contract with any of the organizations identified above requires arbitration of claims brought by one or more Member Parties, or
 - i. Any employee or agent of any of the foregoing.
3. "Claimant" refers to a Member Party or a Kaiser Permanente Party who asserts a claim as described above.
4. "Respondent" refers to a Member Party or a Kaiser Permanente Party against whom a claim is asserted.

Arbitration Oversight Board and Independent Administrator

In 1997, Health Plan assembled a Blue Ribbon Panel to evaluate the arbitration system and recommend improvements. The Panel's recommendations included the establishment of an Independent Administrator to oversee the arbitration process and an Advisory Committee with broad representation to assist in the independent administration. The Independent Administrator and the Advisory Committee established Rules of

Procedure applicable to Health Plan's arbitration system. In 2002, the Advisory Committee was replaced by an Arbitration Oversight Board.

Initiating Arbitration

Claimants shall initiate arbitration by serving a Demand for Arbitration. The Demand for Arbitration shall include the basis of the claim against the Respondents; the amount of damages the Claimants seek in the arbitration; the names, addresses, and telephone numbers of the Claimants and their attorney, if any; and the names of all Respondents. Claimants shall include all claims against Respondents that are based on the same incident, transaction, or related circumstances in the Demand for Arbitration.

Serving Demand for Arbitration

Health Plan, KFH, TPMG, SCPMG, The Permanente Federation, LLC, and The Permanente Company, LLC shall be served with a Demand for Arbitration by mailing the Demand for Arbitration addressed to that Respondent in care of:

Kaiser Foundation Health Plan, Inc.
Legal Department
393 East Walnut Street
Pasadena, CA 91188

Service on that Respondent shall be deemed completed when received.

All other Respondents, including individuals, must be served as required by the California Code of Civil Procedure for a civil action.

Filing Fee

The Claimants shall pay a single, non-refundable, filing fee of \$150 per arbitration payable to "Arbitration Account" regardless of the number of claims asserted in the Demand for Arbitration or the number of Claimants or Respondents named in the Demand for Arbitration.

Any Claimant who claims extreme hardship may request that the Independent Administrator waive the filing fee and the Neutral Arbitrator's fees and expenses. A Claimant who seeks such waivers shall complete the Fee Waiver Form and submit it to the Independent Administrator and simultaneously serve it upon the Respondents. The Fee Waiver Form sets forth the criteria for waiving fees and is available by calling the Kaiser Permanente Member Service Call Center.

Number of Arbitrators

The number of Arbitrators may affect the Claimant's responsibility for paying the Neutral Arbitrator's fees and expenses.

If the Demand for Arbitration seeks total damages of \$200,000 or less, the dispute shall be heard and determined by one Neutral Arbitrator, unless the parties otherwise agree in writing that the arbitration shall be heard by two Party Arbitrators and a Neutral Arbitrator. The Neutral Arbitrator shall not have authority to award monetary damages that are greater than \$200,000.

If the Demand for Arbitration seeks total damages of more than \$200,000, the dispute shall be heard and determined by one Neutral Arbitrator and two Party Arbitrators, one jointly appointed by all Claimants and one jointly appointed by all Respondents. Parties who are entitled to select a Party Arbitrator may agree to waive this right. If all parties agree, these arbitrations will be heard by a Single Neutral Arbitrator.

Payment of Arbitrator Fees and Expenses

Health Plan will pay the fees and expenses of the Neutral Arbitrator under certain conditions as set forth in the *Rules for Kaiser Permanente Member Arbitrations Overseen by the Office of the Independent Administrator* (Rules of Procedure). In all other arbitrations, the fees and expenses of the Neutral Arbitrator shall be paid one-half by the Claimants and one-half by the Respondents.

If the parties select Party Arbitrators, Claimants shall be responsible for paying the fees and expenses of their Party Arbitrator and Respondents shall be responsible for paying the fees and expenses of their Party Arbitrator.

Costs

Except for the aforementioned fees and expenses of the Neutral Arbitrator, and except as otherwise mandated by laws that apply to arbitrations under this "Binding Arbitration" section, each party shall bear the party's own attorneys' fees, witness fees, and other expenses incurred in prosecuting or defending against a claim regardless of the nature of the claim or outcome of the arbitration.

Rules of Procedure

Arbitrations shall be conducted according to Rules of Procedure developed by the Independent Administrator in consultation with Kaiser Permanente and the Arbitration Oversight Board. Copies of the Rules of Procedure may be obtained from the Member Service Call Center.

General Provisions

A claim shall be waived and forever barred if (1) on the date the Demand for Arbitration of the claim is served, the claim, if asserted in a civil action, would be barred as to the Respondents served by the applicable statute of limitations, or (2) Claimants fail to pursue the arbitration claim in accord with the Rules of Procedure with reasonable diligence, or (3) the arbitration hearing is not commenced within five years after the earlier of (i) the date the Demand for Arbitration was served in accord with the procedures prescribed herein, or (ii) the date of filing of a civil action based upon the same incident, transaction, or related circumstances involved in the claim. A claim may be dismissed on other grounds by the Neutral Arbitrator based on a showing of a good cause. If a party fails to attend the arbitration hearing after being given due notice thereof, the Neutral Arbitrator may proceed to determine the controversy in the party's absence.

The California Medical Injury Compensation Reform Act of 1975 (including any amendments thereto), including sections establishing the right to introduce evidence of any insurance or disability benefit payment to the patient, the limitation on recovery for noneconomic losses, and the right to have an award for future damages conformed to periodic payments, shall apply to any claims for professional negligence or any other claims as permitted by law.

Arbitrations shall be governed by this "Binding Arbitration" section, Section 2 of the Federal Arbitration Act, and the California Code of Civil Procedure provisions relating to arbitration that are in effect at the time the statute is applied, together with the Rules of Procedure, to the extent not inconsistent with this section.

Termination of Membership

Your Group is required to inform the Subscriber of the date your membership terminates. Your membership termination date is the first day you are not covered (for example, if your termination date is January 1, 2004, your last minute of coverage was at 11:59 p.m. on December 31, 2003). When a Subscriber's membership ends, the memberships of any Dependents end at the same time. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further liability or responsibility under this EOC after your membership terminates, except:

- As provided under "Coverage for Totally Disabled Persons" in the "Continuation of Membership" section and "Payments after Termination" in this "Termination of Membership" section
- If you are receiving covered Services as an acute care hospital inpatient on the termination date, we will continue to cover those hospital Services (but not physician Services or any other Services) until you are discharged

Note: Until your membership terminates, you remain a Senior Advantage Member and must continue to receive your medical care from us, except as described in the "Emergency, Urgent, and Routine Care" section about Emergency Care, Out-of-Area Urgent Care, and Post-stabilization Care and in the "Benefits" section about Out-of-Area dialysis care.

Termination Due to Loss of Eligibility

If you meet the eligibility requirements described under "Who Is Eligible" in the "Dues, Eligibility, and Enrollment" section on the first day of a month, but later in that month you no longer meet those eligibility requirements, your membership will end at 11:59 p.m. on the last day of that month. For example, if you become ineligible on December 5, 2003, your termination date is January 1, 2004 and your last minute of coverage is at 11:59 p.m. on December 31, 2003.

Also, we will terminate your Senior Advantage membership on the last day of the month if you:

- Are temporarily absent from our Service Area for more than six months
- Permanently move from our Service Area
- Are no longer entitled to Medicare Parts A or B. Your Senior Advantage membership termination will be effective the first day of the month following the month when Medicare Parts A or B end. Note: If you were enrolled in Senior Advantage on December 31, 1998 and you did not have Medicare Part A, you will not be terminated simply because you continue to not be entitled to Medicare Part A through Social Security

Note: If you lose eligibility for Senior Advantage due to these circumstances, you may be eligible to transfer your membership to another Kaiser Permanente plan offered by your Group. Please contact your Group's benefits administrator for information.

Termination of Group Agreement

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. Your Group is required to notify Subscribers in writing if its *Agreement* with us terminates.

Disenrolling from Senior Advantage

You may terminate (disenroll from) your Senior Advantage membership at any time and return to the Original (non-Kaiser Permanente) Medicare fee-for-service program. However, before you request disenrollment, please check with your Group's benefits administrator to determine if you are able to continue your Group membership.

If you request disenrollment during your Group's open enrollment, your disenrollment effective date is determined by the date your written request is received by us and the date your Group coverage ends. The effective date will not be earlier than the first day of the month following receipt of your written request, and no later than three months after receipt of your request.

If you request disenrollment at a time other than your Group's open enrollment, your disenrollment effective date will be the first day of the month following our receipt of your disenrollment request.

You may disenroll by sending written notice to the address below. Also, you may disenroll at any Social Security office or Railroad Retirement Board office (if you are a Railroad Annuitant) by completing a written request for disenrollment. In addition, you may also call CMS at 1-800-MEDICARE (1-800-633-4227) (TTY 1-877-486-2048). However, although optional, we request that if you disenroll at a Social Security office or Railroad Retirement Board office, you also notify us.

Kaiser Permanente Senior Advantage
California Service Center
P.O. Box 232407
San Diego, CA 92193-2407

Note: If you enroll in another Medicare+Choice plan, CMS will automatically terminate your Senior Advantage membership when your membership in the other organization becomes effective. In this case, do not send us a disenrollment request. If you disenroll and have Part B only, you will have to purchase Medicare Part A from the Social Security Administration to re-enroll in Senior Advantage in the future or to enroll in another Medicare+Choice plan.

Termination of Contract with CMS

If our contract with CMS to offer Senior Advantage terminates, your membership will terminate on the same date. We will send you advance written notice and advise you of your health care options. Also, you may be eligible to transfer your membership to another Kaiser Permanente plan offered by your Group.

Termination for Cause

If you commit one of the following acts, we may terminate your membership immediately by sending written notice to the Subscriber; termination will be effective on the date we send the notice:

- Your behavior threatens the safety of Plan personnel, or of any person or property at a Plan Facility. Any such termination requires CMS approval
- You commit theft from Health Plan, from a Plan Provider, or at a Plan Facility
- You knowingly commit fraud in connection with membership, Health Plan, or a Plan Provider. Some examples of fraud include:
 - ◆ misrepresenting eligibility information about you or a dependent
 - ◆ presenting an invalid prescription or physician order
 - ◆ misusing a Health Plan ID card (or letting someone else use it)
 - ◆ giving us incorrect or incomplete material information
 - ◆ failing to notify us of changes in family status or Medicare coverage that may affect your eligibility or benefits

If we terminate your membership for cause, you will not be allowed to enroll in Health Plan in the future until you have completed a Member Orientation and have signed a statement promising future compliance. We may report fraud and other illegal acts to the authorities for prosecution.

Termination for Nonpayment

If your Group fails to pay us the appropriate Dues for your Family Unit, we may terminate the memberships of everyone in your Family Unit.

Termination of a Product or all Products

We may terminate a particular product or all products offered in a small or large group market as permitted by law. If we discontinue offering a particular product in a market, we will terminate just the particular product upon 90 days prior written notice to you. If we discontinue offering all products to groups in a small or large group market, as applicable, we may terminate the *Group Agreement* upon 180 days prior written notice to you.

Certificates of Creditable Coverage

The Health Insurance Portability and Accountability Act requires employers or health plans to issue "Certificates of Creditable Coverage" to terminated Members. The certificate documents health care membership and is used to prove prior creditable coverage when a terminated Member seeks new coverage. When your membership terminates, we will mail the certificate to the Subscriber unless your Group has an agreement with us to mail the certificates. If you have any questions, please contact your Group's benefits administrator.

Payments after Termination

If we terminate your membership for cause or for nonpayment, we will:

- Refund any amounts we owe your Group for Dues paid for the period after the termination date
- Pay you any amounts we have determined that we owe you for claims during your membership in accord with "Non-Plan Emergency Care, Out-of-Area Urgent Care, Post-stabilization Care, and Out-of-Area Dialysis Care" in the "Requests for Payment or Services" section. Any amounts you owe Health Plan, Kaiser Foundation Hospitals, or Medical Group will be deducted from any payment we make to you

Review of Membership Termination

If you believe that we terminated your membership because of your ill health or your need for care, you may file a grievance as described in the "Dispute Resolution" section.

Continuation of Membership

If your membership under this *EOC* ends, you may be eligible to maintain Health Plan membership without a break in coverage under this *EOC* (group coverage) or you may be eligible to convert to an individual (nongroup) plan.

Continuation of Group Coverage under COBRA

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. COBRA applies to employees (and their covered family Dependents) of most employers with 20 or more employees. Members are not ineligible for COBRA continuation coverage solely because they live in the service area of a Region outside California.

You must submit a COBRA election form to your Group within the COBRA election period. Please ask your Group's benefits administrator for the details about COBRA continuation coverage, such as how to elect coverage and how much you must pay your Group.

As described in "Conversion of Group Membership to an Individual Plan," you may be able to convert to an individual (nongroup) plan if you don't apply for COBRA coverage, or if you enroll in COBRA and your COBRA coverage ends.

Conversion of Group Membership to an Individual Plan

Your Group is required to inform the Subscriber of the date your coverage ends (please check with your Group's benefits administrator to confirm your membership termination date). After your Group notifies us to terminate your membership, we will send a termination letter to the Subscriber's address of record. The letter will include information about options that may be available to you to remain a Health Plan member through one of our Individual Plans. Individual (Conversion) Plan coverage begins when your Group coverage ends. The dues and coverage under our Individual (Conversion) Plans are different from those under this *EOC*.

How to convert

If you no longer qualify as a Member described under "Who Is Eligible" in the "Dues, Eligibility, and Enrollment" section, we will automatically convert your Group membership to our *Senior Advantage Individual Plan Agreement* if you still meet the eligibility requirements for Senior Advantage and have not disenrolled.

If you are no longer eligible for Senior Advantage and Group coverage, you may be eligible to convert to a non-Medicare individual plan, called "Kaiser Permanente Individual (Conversion) Plan." You may be eligible to enroll in our Individual (Conversion) Plan if you apply within 63 days after your membership terminates.

For more information, please call our Member Service Call Center.

- 12 months have elapsed

To request continuation of coverage for your disabling condition, you must call our Member Service Call Center, within 30 days of the date your Group's *Agreement* with us terminates.

Miscellaneous Provisions

Administration of *Agreement*

We may adopt reasonable policies, procedures, and interpretations to promote orderly and efficient administration of the *Group Agreement* and this *EOC*.

Advance directives

The California Health Care Decision Law offers several ways for you to control the kind of health care you will receive if you become very ill or unconscious, including:

- A *Power of Attorney for Health Care* lets you name someone to make health care decisions for you when you cannot speak for yourself. It also lets you write down your own views on life support and other treatments
- *Individual health care instructions* let you express your wishes about receiving life support and other treatment. You can express these wishes to your doctor and have them documented in your medical chart, or you can put them in writing and have that made a part of your medical chart

For additional information about advance directives, including how to obtain forms and instructions, contact your local Member Services Department at a Plan Facility.

Agreement binding on Members

By electing coverage or accepting benefits under this *EOC*, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this *EOC*.

Named fiduciary

Under our *Agreement* with your Group, we have assumed the role of a "named fiduciary," a party responsible for determining whether you are entitled to benefits under this *EOC*. Also, as a named fiduciary, we have the discretionary authority to review and evaluate claims that arise under this *EOC*. We conduct this evaluation independently by interpreting the provisions of this *EOC*.

No waiver

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

Nondiscrimination

We do not discriminate in our employment practices or in the delivery of Services on the basis of age, race, color, national origin, cultural background, religion, sex, sexual orientation, or physical or mental disability.

Notices

PHI is health information that includes your name, Social Security number, or other information that reveals who you are. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, and health care operations purposes, including health research and measuring the quality of care and Services. We are sometimes required by law to give PHI to government agencies or in judicial actions. In addition, Member-identifiable medical information is shared with employers only with your authorization or as otherwise permitted by law. We may expand our Service Area, at any time by giving written notice to your Group. ZIP codes are subject to change by the U.S. Post Office.

Services: Health care services or items.

Skilled Nursing Facility: A facility that provides inpatient skilled nursing care, rehabilitation services, or other related health services and is licensed by the state of California and approved by Health Plan. The facility's primary business must be the provision of 24-hour-a-day licensed skilled nursing care. The term "Skilled Nursing Facility" does not include a convalescent nursing home, rest facility, or facility for the aged that furnishes primarily custodial care, including training in routines of daily living. A "Skilled Nursing Facility" may also be a unit or section within another facility (for example, a Plan Hospital) as long as it continues to meet the definition above.

Spouse: Your legal husband or wife. For the purposes of this EOC, the term "Spouse" includes your domestic partner, in accord with your Group's requirements that we approve in writing.

Subscriber: A Member who is eligible for membership on his or her own behalf and not by virtue of dependent status and who meets the eligibility requirements as a Subscriber (for Subscriber eligibility requirements, see "Who Is Eligible" in the "Dues, Eligibility, and Enrollment" section).

Copayments and Coinsurance

This section discusses Copayments and Coinsurance only. It does not describe benefits. To learn what is covered for each benefit (including any visit and day limits), please refer to the identical heading in the "Benefits" section (also refer to the "Exclusions, Limitations, and Reductions" section, which applies to all benefits).

Copayments or Coinsurance are due when you receive the Service, but for items ordered in advance, you pay the Copayment or Coinsurance in effect on the order date (though we will not cover the item unless you still have coverage for it on the date you receive it). In some cases, we may agree to bill you for your Copayment. If we agree to bill you, we will increase the amount by \$13.50 and mail you a bill for the entire amount.
